PUPPY REPORT

reported in Pow Wow
Abigail brings her adorable
puppy, Puck, to school and
shares him. Don't call her
"selfish" about sharing her
puppy.

PAINT THE TOWN RED BY SIMON

First person beat 'em up game.
The game can get your anger out.
You can create levels.
You can do character designs.
You can name your levels.
You can do Power Ups: Rage,
Smite, Shock Wave.
You can get weapons and fight.

TREE PLANTING DRONES

Tree planting drones
are firing seed missiles
into the ground.
Ten drones can plant
400,000 trees a day--
enough to combat
climate change in
real time.
Less than a year later
they are 20" tall.

STUDENT INTERVIEW BY NACARI

Jakob is a ten year old
boy. His nickname is
Hell Boy. He lives with
his Mom. He has 2 sisters
and 1 bro. He has a cat
and 2 dogs. He likes to do
everything. His special
skill is making explosives.
Jakob's favorite color is
blue. His best possessions
are his phone, DVDs, Legos.
He is an omnivore and his
favorite food is lamb chops.
Jakob plays drums. He wants
to learn paint ball. If Jakob
was an animal he would be a
whale shark and go really
deep. He would like to go to
Fort Piercé. He likes all
kinds of music. He likes
YouTube and the movie "2012".
He cleans his own room at home.
If he is afraid of anything, it
would be of failing. His dream
job is U.S. Coast Guard. He
plans on going to college. He
might want one child later on.
He thinks the world needs to
stop whaling. Outside his dream
house he would like to see sea.
Meaning of Life: Live, die, repeat.

STAR WARS HOUSES

Kanye West is creating
Star Wars themed houses
for homeless people.

HOW TO WRITE THE DATE month/day/year

Number for months:

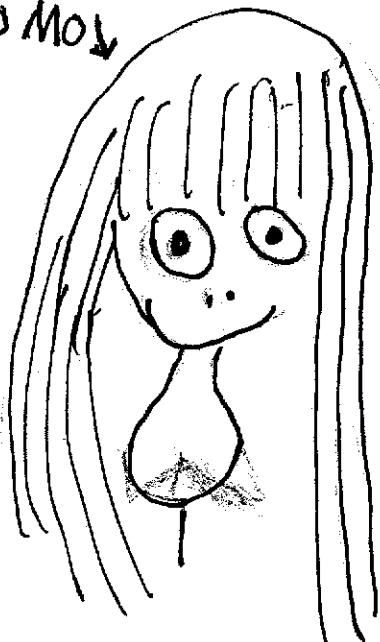

- 1 January
- 2 February
- 3 March
- 4 April
- 5 May
- 6 June
- 7 July
- 8 August
- 9 September
- 10 October
- 11 November
- 12 December

This year is 2019.

EQUINOX/ MABON

The long summer days
get shorter, until the
first day of Autumn on
September 22, days and
nights are equal.
The old tribes called
this time of year
Mabon, meaning balance.
Equinox is the time
when the days are 12
hours long and the
nights are 12 hours
long, and the Earth
experiences a harmony
of nature. Equinox
happens again in Spring.
