WORLD IN MOTION
 As Earth turns on its axis, we move in and out of the Sun's light. Day begins as we move into the light. As we turn away from the Sun, night falls. Because Earth is tilted at an angle, the amount of sunlight reaching different parts of the world varies throughout the year. When part of Earth is tilted toward the Sun, it is summer there. When it is tilted away from the Sun, it is winter.

SWINGING SIDEWISE
 Swinging sidewise on the big metal swings is not permitted if anyone on the swings objects to it.

FIGHT, FIGHT
 Chanting "fight, fight" is against rules. It is telling someone to hurt someone else. If you do it your consequence is DOUBLE for hurting.
